SIGMA

Bringing the coffee house in-house

Go 12oz,
touch-sensitive and
eco-friendly with
the Sigma beverage
machine; bringing the
coffee-house in-house!

Shown with optional platinum branding

Features

- **Touch-sensitive menu:** Direct selection or multi-choice - you choose
- **Unique technology:** Innovative paperless brewer and pulsing technology (unique to Westomatic) guarantees a better blend of ingredients and the best tasting drinks
- **Go-large:** choose from 7oz, 9oz or a retail-sized 12oz cup with sip lid
- **Simple design:** Simple menu-driven programming and clear ingredient canisters mean the Sigma is hygienic, easy to fill, clean and maintain - ideal for operators
- **Bespoke graphics:** Enhance your Sigma with a design that incorporates your logo or message
- **Pay...your way:** Cash, cashless or free vend or why not choose cash and cashless from the same machine?
- **Forget the abacus:** Gain total stock accountability and up-load gram throws within seconds using USB or telemetry technology
- **Put a lid on it:** Specify an optional integrated sip-lid compartment - no more unsightly lid sleeves or spillages!

“Drinks so good, you can’t
tell the difference between
a Sigma and a Barista”

Whole-bean coffee:

- Full-bodied Macchiato and Mochaccino
- The punchiest Espresso or Double Espresso
- Smooth Café Au Lait
- Authentic Americano
- Frothy Cappuccino

A little indulgence...

- Thick and creamy hot chocolate
- Hot and savoury soup

Feel-good beverages:

- Fair-trade or decaffeinated tea and coffee
- Choose skimmed milk for virtually fat-free skinny lattes

Freshly brewed leaf tea:

- For tea that tastes like it was made at home

And with the Azure...

- Pure, chilled and twice-filtered water
- Lightly sparkling water
- Up to 2 cool and refreshing flavours

With a choice of 7oz, 9oz or a large retail-sized 12oz paper up with sip-lid, the Sigma offers consumers a quick and convenient coffee-shop experience 'on the go'. And with adjustable strength, whitener and sugar on the multi-choice menu, your customers can personalise their drink - even before it's brewed!

Perfect for:

Public locations: Large cup/ingredient capacity and durable yet stylish exterior mean the Sigma is ideal for semi-public sites such as leisure centres, colleges, universities and airport terminals, etc.

The workplace: With a compact footprint and speedy vend-time, the Sigma is perfect for any workplace including office, production sites, call centres and factories.

Probably the most energy efficient beverage machine on the planet!

- Low-energy, 50,000 hour long-life LED lighting (that's over 5 years) means no more neon-gas filled light tubes to replace
- Unique, in-built energy management system reduces power consumption by up to 30% during inactive periods
- Use of recycled materials wherever possible
- Flash cooling system means power is only consumed when a chilled water selection is made
- Machines delivered packaging-free
- UK manufactured with shorter logistic paths resulting in a reduced carbon footprint
- Permanent, refillable ingredient canisters, paperless brewers and own-cup or bottle-fill facilities mean less packaging, wastage and ultimately; cost
